ITALIAN BEACH DEFENSES FOLD UNDER ASSAULT

Canadians Slice Through Barbed Wire and Drive Toward Interior.

It was a detailed eye-witness account of the Canadian assault on the Italian beach defenses in the last 24 hours of their invasion.

By ROSS MUNROE

The Associated Press

WITH THE CANADIANS IN SOUTHEAST SICILY, July 11 (Delayed) — Slicing through Italian defenses in night and dawn landings on the long crescent beach, Canadian assault troops with a crack British formation on the right flank overran Pechino peninsula within 24 hours and established an invasion bridgehead.

It has been one success after another in this Canadian-British sector as the greatest combined operation in history was launched.

The Canadians now have advanced into hilly country north and west of Pechino, and major engagements are expected with probably more determined Italian than the coastal defenders who put up only a mild fight.

The past night and day have been one incredible series of incidents. I landed alongside the first wave of assault companies of a famous Canadian regiment on the sandy beach of Costa Dell'Amara, four miles southwest of Pechino, at 5:15 yesterday morning and the Canucks have been rushing ahead ever since. It is a tough job keeping up with them on two feet.

Canadian casualties for the first day were very light. The colonel who heads the divisional medical service said less than 40 had been reported to him so far. During my trip around the battle zone I only saw three wounded soldiers who had been hit cleaning out a pillbox just before the beach defense collapsed.

There is a British hospital ship in our convoy now. It is lighted up at night. The Italian beach defenses which folded up like a concertina were merely barbed wire and some machinegun posts which fired a few bursts and then gave up. On our beach the enemy evidently was counting on a sandbar 15 feet offshore as a natural defense. But the Canadians surprised them completely by coming in in the heavy surf and battling ashore through water to their waist.

Coastal batteries shelled the beach but their firing was erratic. The Canucks went through the beach defenses in a matter of minutes, cleared the beach of mines and struck inland, mopping up groups of Italians en route.

More than 700 prisoners, including 15 officers, have been captured by the Canadians all day. Columns of prisoners poured down from the front, happy looking crowds guarded by one or two

CALL ISSUED FOR 'A' GAS APPLICATIONS

Motorists Warned Time Will Be Up July 21.

C. C. Holliday, general secretary of the Marion county rationing board, today urged motorists in the county to file their applications for "A" gasoline ration books if they have not already done so.

He said that about 10,000 of the expired ration applications have been received at the office. He said these are being processed at a rate of about 1,000 a day by volunteer workers. Members of the N.Y. Daughters organization, many public school teachers and unaffiliated individuals are helping as volunteers, he said.

Unless the balance of drivers who have not yet mailed or taken ration book applications to the rationing office in the Community building flood the office with applications at the last minute, Holliday said he expected to have their new books by the time they become effective July 21.

GEN. MONTGOMERY

LIEUT. GEN. PATTON

LONDON, July 12—A Reuters dispatch from Valletta, Malta, said today it was disclosed there that Lieut. Gen. George S. Patton Jr. was commanding American forces in Sicily while Gen. Sir Bernard L. Montgomery commanded British forces.

Win, Then Tell About It, Is Allied Plan in Sicily Campaign

By DEWITT MACKENZIE

Our tight-lipped allied high command is doing much and saying little about the Sicilian invasion but our information is sufficient to tell us that we have established our bridgeheads along a hundred mile stretch of the southeast coast of the island and thus have successfully inaugurated the greatest amphibious attack in history.

Through these all-important gains in the axis defenses already are pouring the reinforcements.

GERMANS MAKE SLOW ADVANCE

Second Week of Russian Campaign Opens with Little Change in Lines.

By The Associated Press

MOSCOW, July 12—Field Marshal Guehenr, Von Kluge's armored columns began the second week of the Kursk offensive today on much the same ground where it opened July 5.

After seven disastrous days of battle the Germans have succeeded only in minor gains with the loss of 2,500 tanks and 1,068 planes, according to Soviet operational communiques.

(The German radio in a broadcast recorded by The Associated Press claimed that in the Belgorod area they had captured 28,000 Russian prisoners since July 5 and had captured or destroyed 1,640 tanks and 1,400 guns.)

There are few details available on the present situation in the Belgorod breach at the southern end of the 200-mile central front, but the Russians have reported that they repelled a Nazi attack by more than 100 tanks, including the new 60-ton Tigers. Red army artillery and aviation protected the Red infantry, destroyed 34 tanks and dispersed the remainder, the Russians said.

Altogether the Russians say they have repelled 10 German attempts to advance on the Belgorod sector.

While still working hard to break through in the Belgorod area, the Germans attacked strongly in the Orel-Kursk sector at the northern end of the Kursk salient.

Crops and Utilities Hit by Storm in Crawford Co.

Special to The Star

BUCHYRUS, July 12—Considerable damage was done to crops, power and telephone lines during a rain and electrical storm which swept throughout the county Saturday afternoon. A number of streams in the county were out of bank and many cornfields were turned into miniature lakes. Eight state highways in the county were closed to traffic because of high water and state highway patrolmen were on duty throughout Saturday night patrolling roads and placing traffic barriers where highways were impassable. Power and telephone lines in many places were out of commission and in the city several fire alarm boxes were damaged by the storm.

KILLED NEAR LIMA

By The Associated Press

LIMA, O., July 12—Orville Seeley, 29, of Hamtramck, Mich., was killed as his automobile overturned on the Dixie highway seven miles north of here today.

ments, machines of war and supplies which will enable the troops of the United Nations to reduce one of the most important defenses of southern Europe.

It's quite likely that we have a fierce and bloody struggle ahead of us before we master this battle ground of the ancients, but would seem to have broken the back of the job already, for establishment of the bridgeheads was the crucial task.

Sign for Axis

So the allied boat at long last is jammed into a door of the continent. To Messrs. Hitler and Mussolini this must signal strongly the approach of retribution; for the forces massed in the vast North African camp for invasion operations comprised not only Americans, English and Canadians, but men from occupied countries where the axis has murdered and raped and plundered—France, Poland, Greece, Yugoslavia and Czechoslovakia.

American and other allied troops are astride the peninsula which forms the southeast tip of Sicily, ending in Cape Passero. One German military analyst asserts that Commander-in-Chief Eisenhower apparently is bent on establishing a front across the southeastern corner, between the city of Gela on the west and Syracuse to the north. One would say that the general not only intends to establish such a front but apparently has done so already.

At least three axis airfields were early in the invaders' hands—two at Gela and another at Pachino, near the cape. Those fields, should be invaluable to the attack in its early stages, and they likely are in use already. Latest reports from headquarters in North Africa say that fleets of allied bomber-fighters have been slashing steadily at axis troops and positions along the invasion front.

There naturally are no official figures for the forces involved. However, London observers place the axis strength in Sicily at about 400,000 men, including considerable German reinforcements.

Berlin's Estimate

Berlin is toying with figures which indicate that they believe the allies are drawing from a reservoir of close to a million men in Africa, and that there may be 450,000 effectives involved in the actual assault. The Nazis also place the allied air force in the Mediterranean theater at about 4,000. The invasion fleet of 2,000 ships is the greatest ever assembled.

Whatever the exact figures may be, the essential point is that the United Nations seem to have sufficient resources of all sorts in the Mediterranean to turn the trick, and then some. Having said this, it must be added that the comparatively smooth going of the invasion thus far is too good to be taken as a gauge of what is to come.

We're likely to find it a costly business before we are through, for the rugged terrain of Sicily provides the setting for a fierce battle. It is a mass of mountains, slashed by valleys, and there are plenty of strong natural positions for axis defense.

Where will the allies aim for, now that their bridge-heads are established? You'll have to worm that out of General Ike, if you are smart enough. However, one logical line he might pursue would be to head up the coastal road along the eastern shore, through Syracuse to Messina, which lies on the narrow strait of that same name.

One would expect the allies to

ALLIES OCCUPY NUMEROUS CITIES. The close-up topographical map of Sicily, above, shows the location of most of the towns and cities captured by the allied invaders thus far. Among the latest is the important city of Syracuse. Others include Avola, Pachino, Pozzallo, Scoglitti, Gela, Licata, Ispica, Rosolini and Noto. An unconfirmed report says that the airport at Catania has also been seized.

INVASION FLEET LOADED. Invasion ships which moved to Sicily in the drive on that Italian island are loaded in a harbor for the blow. Assault troops and supplies are taken aboard. Note other ships farther out in the harbor. (More Sicily pictures on pages 7, 13.)

ALL EUROPE AWAITS NEW ALLIED BLOWS

By The Associated Press

BERN, July 12—The entire fortress of Europe was on the alert today for new lightning allied thrust as axis leaders in Germany and Italy anxiously watched the progress of the battle for the Mediterranean island of Sicily.

Dispatches reaching here today from Berlin and Rome conceded that the allies had established at least four bridgeheads in Sicily and looked ahead grimly to a day not far distant when they expect invasion barges to grate upon other shores along the Mediterranean.

Of the two axis capitals, Berlin took the news of the invasion more calmly, pointing out that it had long been expected and declaring that advance allied paratroopers and airborne units had been annihilated or surrounded and captured.

There was mounting tension in Rome and on the mainland of Italy. One dispatch from Milan said Premier Mussolini and King Vittorio Emanuele had made a point of being seen publicly in Rome, where the "atmosphere is heavy" and private sources revealed Mussolini had presided over a cabinet meeting yesterday.

It also was reported there had been further expulsions in the Fascist party in an effort to bolster crumbling morale and Italian newspapers were enlisted in a campaign to whip up enthusiasm for the fighting ahead.

Another factor which appeared to weigh heavily in depressing the Italian state of mind as the crisis approached was a steadily worsening food problem brought about by allied attacks on Italian railroads.

New Ceiling Prices for Groceries Go in Effect Today

Marion housewives today began their purchasing of groceries on the new "dollars and cents" ceiling prices and experienced little difficulty with price adjustments ordered by the OPA officials at Washington.

Practically all Marion grocers were prepared with revised price lists which went into effect today, after spending some time going over their stock in compliance with the new order. In keeping with instructions from OPA the new price list has been posted where the consumer may check the purchase price against the "ceiling."

Information regarding the prices of foodstuffs was distributed to Marion grocers last week by members of the P-T-A. Anyone not receiving the information may obtain it from the local ration board office.

Arthur Zachman, president of the Marion Retail Grocers and Meat Dealers association, said today that within the next three or four weeks the price panel of the local ration board will make a survey of possibly 25 or 30 items in the local stores to check on the price observance. A report of the survey will be sent to the OPA office at Columbus.

Primary Registration Time Ends Tonight

Marion residents who are not qualified to vote have until 9 o'clock tonight to register in order to be eligible for Aug. 10 primary election. C. G. Ritzler, deputy clerk of the Marion county board of elections, estimated today that about 300 persons have registered.

MUNDA TAKES HEAVY BLOW FROM BOMBERS

By The Associated Press

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, July 12—American bombers pounded four widely-separated Japanese bases in the southwest Pacific Sunday, striking most heavily at Munda, the enemy's key defense point in the central Solomons.

More than 174 tons of bombs were loosed on the Japanese strongholds and at least nine Zeros which attempted to interfere were shot down. One Liberator and two allied fighters were lost.

Torpedo and dive-bombers smashed 52 tons of heavy bombs upon anti-aircraft positions and bivouac areas near Munda. Stormy weather hampered the Avengers and Dauntless bombers as they roared in on Munda in another of the series of raids designed to soften the sector for ground forces already gathering in the jungle to storm the Japanese stronghold.

A headquarters spokesman said the ground situation at Munda was unchanged. Latest reports said United States forces were closing in on the outer perimeter of defense, with the nearest troops only three miles from Munda.

Liberator bombers over Bougainville dropped 40 tons of bombs on Kahili the enemy's largest air base in the Solomons. Several large fires were started. Three Japanese night fighters attempted unsuccessfully to interfere.

INVADERS SEIZE 2,000 PRISONERS, MOSTLY ITALIANS

[BULLETIN]

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, July 12—Gen. Sir Bernard L. Montgomery's British armies raced toward Catania from captured Syracuse in a tremendous push up Sicily's east coast today after American and allied forces had captured nine other important ports and towns, turned back seven counterattacks by enemy tanks and captured 2,000 prisoners, mostly Italians.

By The Associated Press
The mighty allied invasion forces sweeping into Sicily have captured Syracuse, ancient port on the eastern coast, and other key Italian defense bases including Licata, Gela and Pozzallo, ranged along the southern coast, allied headquarters announced today.

In all, ten towns were taken. These great victories came on the second day of the assault, the greatest such operation in any war, as allied planes in a furious battering at axis defenders destroyed or damaged 400 enemy vehicles rushing soldiers and supplies to the front.

2,000 Axis Prisoners Taken
More than 2,000 prisoners have been taken and strong tank-supported axis counterattacks have been thrown back, today's communique from allied headquarters declared.

The allies were throwing a steel ring around the southeastern area of Sicily over the long coastline from Licata, nearly a middle point of southern Sicily, to Syracuse. Avola, halfway between Syracuse and Capo Passero, southeastern tip of Sicily, was another point captured.

Also taken were Pachino, Scoglitti, Ispica, Rosolini and Noto.

Pozzallo surrendered after a heavy bombardment by a destroyer.

"The task of disembarking troops and their supplies on all beaches continues according to plan" and ground forces have "continued to make good progress," the war bulletin said.

Hundreds of allied planes struck at axis defenders yesterday.

The British swept into the ancient port of Syracuse, a city of 33,000 last night while allied forces mopped up nine other major ports and towns in southeastern Sicily, repulsed seven counterattacks by enemy tanks and took 2,000 prisoners.

Licata, 80 miles to the west on the south coast; Gela; Pachino, on Cape Passero at the extreme southeastern tip of the island; Avola and Noto, midway between Syracuse and Pachino; Pozzallo, site of an important air base on the south coast; Scoglitti; Ispica, and Rosolini were among the captured places listed in today's allied headquarters communique.

Yanks Beat Off Attack
American troops in the Gela area beat off counterattacks by the Italians' fourth Livorno division and 45 tanks in the heaviest of all the seven enemy counterattacks.

The 54th Napoli division was driven out of Syracuse by the British—a lightning blow at the end of the second day of the allied invasion which appeared to be a serious handicap to the enemy in bringing up reinforcements to meet a rapidly swelling penetration into the interior of the island.

The civilian population "seemed more pleased to see us than they had been to the Nazis," said one observer.

The swift occupation of the string of ports and towns along a 100-mile stretch of Sicily's southeastern coast was accompanied by a furious air action yesterday in which fleets of fast new American A-36 fighter-bombers smashed at least 400 enemy vehicles endeavoring to rush up troops and supplies for counterattacks, and heavy blows of four-engine and medium bombers at Catania, on the east coast, the Sicilian airdromes of Milo, Sciacca and Gerbina and two other airdromes at and near Reggio Calabria on the Italian mainland.

Railway Yards Burn
Flames from Catania's railway yards gave off smoke visible for 140 miles at sea after a Flying Fortress formation roared homeward, leaving fires raging in oil storage dumps.

With the Italian fleet still noticeable by its absence, allied naval forces continued large-scale operations of putting ashore more and more allied troops and equipment, although the allied com-

War Summary

SICILY—U. S. troops beat off heavy counterattacks. British force captures Syracuse. Nine other towns taken. Allies capture 2,000 prisoners, mostly Italians.

RUSSIA—Battle lines show little change as German offensive in Russia opens second week.

PACIFIC—U. S. bombers range over large area of Pacific battle zone with special attention to Munda.

CANADIANS—Italian beach defenses fold up under heavy assault by Canadian troops.

munique said the enemy's air opposition was increasing.

Swarms of allied fighters patrolled the beaches, protecting the operations, however, and 45 enemy aircraft were shot down yesterday. Only nine allied planes were lost.

Casualties among the allies continued much less than might normally be expected in such a sweeping offensive. It was said at allied headquarters, and a number of hospital ships were still waiting in reserve.

One allied hospital ship, which was fully lighted and anchored three miles off the Sicilian coast, was sunk Saturday night by enemy bombers, but the 400 wounded were successfully transferred.

As a result of the swiftness of allied action, it was said at headquarters that the enemy was being compelled to regroup his forces and most of his counterattacks up to now had been comparatively weak.

Most of the Italians, especially, were reported fighting poorly, and most of the 2,000 prisoners taken were Italians.

Between the wings of the allied forces, buttressed at Licata

Response Lags After Plea for Part-Time Farm Hands

Wheat and Hay Harvesting This Week Expected To Bring Calls for Help; Few Workers Available.

Two more part time farm workers finally have been procured by O. E. Parks, special Marion county farm labor assistant, bringing to three the total of such emergency laborers who have registered since an appeal for volunteers was issued by Mr. Parks and Arthur Smith, county agricultural extension agent, three weeks ago.

To supplement the number of full time workers secured by Mr. Parks since his appointment as labor assistant two months ago, two more steady employees for county farms registered at the extension office last week. Calls for both part time and full time laborers last week were fewer than ever before since the farm man-power shortage grew to critical early this spring.

Mr. Parks also added that none of the four workers registered last week could be placed until this week because of the rains throughout last week. However, he is certain he will encounter

no difficulty placing any of the men this week, which is expected to be the high point of wheat harvesting in the county.

Wheat, Hay Both Ready

Wheat harvesting, under normal labor and weather conditions, would have been completed at least two weeks ago. However, harvesting has been held up by a late planting season this year and too much moisture around expected combining time. Farm officials explain that wheat should be no more than 14% moisture if it is to be sold to city grain companies. Most elevator operators will not accept wheat for storage unless it is reasonably dry.

A belated hay making season this year in Marion county is awaiting farmers who in the past years had this task done at the latest by July 1. The postponement of hay making is due 100% to the same factors which have held up wheat harvesting.

Worries and fears of county farmers mount to an unprecedented peak when they give thought to the wheat harvesting and hay making seasons which will come simultaneously this year. Farm officials state that both crops will be at their greatest output this week. These current seasons will call for more laborers than at any time before this year, officials believe.

Expels Calls for Help

Because of the two crops piling up this week, Mr. Parks expects a great many calls—so many that he won't be able to handle all of them. To make this already desperate situation seem hopeless, Mr. Parks reveals that many labor requests of past weeks from county farmers remain unfulfilled.

A goodly portion of letters sent out by Agent Smith two weeks ago to draft free Marion county men with farm experience have been answered, but with negative results for farm labor officials. By means of these letters, Mr. Smith attempted to "get a line" on all city and county men with experience in farm work who were 4-F, above 38, or deferred because of any other reason. He hoped to obtain at least a few badly needed part time or full time workers through these letters.

However, much to the dismay of county farmers, none of the men to whom the letters were sent have shown the least intention of working on farms this year. Most of their reasons were not disclosed in the letters, but officials surmise that practically all of them had jobs in the city which would pay much more than any farmer could afford to "shell out."

Some of the letters as yet remain unanswered, but Mr. Parks expects to receive some response from these men in the near future. He is even optimistic enough to anticipate a few (and

Tips For Tired Eyes

1. Roll reading matter about 14 inches from face. 2. Avoid reading in poor light. 3. After driving, exposure to dust or wind or when eyes are overworked, bathe them with Lavoptik. Gently soothe inflamed, sore, burning, itching and irritated eyelids or money refunded. Thousands praise it. 25 years success. Get Lavoptik today. At all drug stores.

CANTOR ENJOYS A NIGHT OUT. Comedian Eddie Cantor, his wife Ida and their five daughters enjoy an evening at a New York night club. In this comparatively rare picture of the famous family, Janet (center) offers her father a light for his cigarette while Natalie (left) and Edna look on. Seated, left to right, are Margaret, Mrs. Cantor, Eddie and Marilyn.

Tough Luck And Good Luck Come Together for Yank

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, July 11.—The fiercest and the ground crew crowded around Second Lieut. Jig Buster Jr., of Selma, Ala., lifted him gently and said, "Tough luck, Jig. That really is a tough break."

Jig had just landed his Boston bomber on Pantelleria Island after a bombing raid on Trapani. He had to make a belly landing because the bomber's hydraulic system had been damaged by German fighters.

He made the landing safely and started to climb out of the cockpit, when he fell and sprained his knee badly.

It's a bum break, Jig," his mates said as they carried him away. And then they came back and looked at his damaged ship. Their eyes popped and their jaws dropped.

A full load of bombs was still in the bomb bays and the doors were slightly open. Jig never knew that the deadly "eggs" hadn't dropped. He knew the ship had been hit by anti-aircraft fire over the target, but he thought the bombs had gone and then he had to come back with his hydraulic system damaged to make a belly landing on Pantelleria.

With enough explosives hanging beneath the ship to blow everything nearby to little pieces, he had belly-landed the Boston.

Happy Stitchers 4-H Club Elects Officers

SPECIAL TO THE STAR
AGOSTA—The Happy Stitchers 4-H club met Thursday at the school. Officers elected are: Secretary, Joan Corbin; treasurer, Iris Keeton; news reporter, Barbara Chapman; Juvenile Banner was selected a member of the junior fair board.

Virginia Meredith passed out book material to three new members, Lois and Iris Keeton and Viola Pine. There were 11 members present. The next meeting will be held July 23.

COURT NEWS

Suit Filed
A suit has been filed in common pleas court by George Geiser against Thelma Smith in which the plaintiff seeks to enjoin the defendant from withdrawing funds from a bank. The firm of Mouser & Mouser represent the plaintiff.

Luther Guild Meets with Prospect Hostess

SPECIAL TO THE STAR
PROSPECT — On Wednesday evening the Katherine Luther Guild met at the home of Mrs. Carl Russell with Mrs. Velma Hansen as assistant hostess. Mrs. Lloyd Bentley led the topic, "Building for Spiritual Defense," and Mrs. Clifford Ball conducted devotions. The guild voted to buy testaments for service men. Guests were Mrs. Earl Russell and Miss Virginia Huey.

The Missionary Aid society of the Lutheran church met Thursday with Mrs. Charles Reithmaier. Rev. Paul Dehnbrenner led devotions. Mrs. Harry Lauer presided at the business meeting, and Mrs. Charles McNeal had charge of the program, "Building Spiritual Defense Through Our Lutheran Service Centers." Mrs. John Daum was a guest.

Fire Chief Paul B. Galt reported that plans are complete for the firemen's festival July 15. A crowd even larger than last year's is anticipated.

Soldiers Overseas To Hear Bob Hope Show

By The Associated Press
NEW YORK, July 12.—Broadcasts of special shows by any of its comedians who go overseas to entertain boys and girls in the service have been made a "must" for NBC's summer schedule. The first of these will come Saturday afternoon with the cooperation of Bob Hope and his aides.

Hope, together with Frances Langford, Tony Romano and Jack Pepper, will direct their efforts to United Nations soldiers, performing before a visible audience in a theater in Wales.

Two more programs, about the last to do so, start summer vacations after tonight's broadcasts, both to return on the same date, Sept. 13. They are the Radio Theater on CBS at 9 and Information Please on NBC at 10:30.

MARIONITE ON WAR DEPT. LIST OF PRISONERS

Pfc. George Robert Eyre Among Those Listed as Held by Japs.

A Marion man is one of four Ohio soldiers listed as prisoners of war in an official war department announcement today. The Associated Press reported. He is Pfc. George Robert Eyre of 121 Charles street whose parents were notified by the war department June 30 that he was a prisoner of war of the Japanese. The Star carried a detailed story about him at that time.

His parents first received word a little over a year ago that he was "missing" in action. In January, 1942, they were notified that he had been wounded in action. Pfc. Eyre was the first Marion soldier officially reported as wounded in the war.

Other Ohioans on the new prisoner list are Second Lieut. Anthony A. Alaimo of Camden, prisoner of the Germans, and Pfc. John E. Dugan of Quaker City and Pfc. Richard A. Wilson of near Warren, prisoners of the Japanese.

Millfin township. Burial will be made in the Stansbury cemetery.

They've Got What it Takes!

THE PLANES

THEY DIVE AT 725 M.P.H.

♦ They may not be what the doctor ordered for a quiet ride, but this hard-hitting new Thunderbolt fighter plane, built by Republic Aviation, is what the Axis asked for—and is going to get!

♦ What's it feel like? "Well," says Joe Parker (at far right), who tests these Thunderbolts, "when you're diving that fast, you feel like you were a part of a solid piece of steel. And when it's over, I sure enjoy a Camel."

♦ Lunch—and a Camel for these Thunderbolt workers below. Says Josephine Walz (left): "I find Camels milder all ways." Adds Shirley Jordan (right): "Camels always hold their same fresh appeal."

Domestic Policy Listed As Weak Spot Of New Deal

By GEORGE GALLUP
American Institute of Public Opinion

NEW YORK, July 12—The American Institute of Public Opinion today announced the results of a survey of the country's opinion on the New Deal's domestic policy. The survey, conducted by the White House, was the first of its kind since the inauguration of Franklin D. Roosevelt. It was based on a questionnaire sent to 10,000 people in all sections of the country. The results are as follows:

The vote is

Approve	73%
Disapprove	14%
Undecided	13%

"2. Do you approve or disapprove of the way Roosevelt is handling our domestic problems—that is, our problems here at home?"

Approve	49%
Disapprove	42%
Undecided	9%

The significance of these results will become increasingly apparent as party strategists begin shaping their campaign ideas for 1944.

The Republicans will probably seek to neutralize foreign policy issues by accentuating all or most of the President's policies in that sphere, so that they can pitch their main campaign on domestic issues. The strategy of the Democrats will likely be to keep the nation's eyes focused on the President as commander in chief, stress his record in foreign affairs, and attempt to remove attention from domestic matters as far as possible.

Chief Criticisms

Each voter in the survey who said he disapproved of the President's handling of domestic problems was asked what specific criticism he had in mind.

The chief items named by the voters may be summarized under three headings, as follows:

1. Poor handling of the labor union situation
2. Inefficient and sloppy administration; failure to pick the right men to be bureau and department heads, insufficient delegation of authority by the President.
3. Too much politics in the administration of home affairs, too much thinking about the next election and not enough about handling wartime problems.

All sections of the country approve of the President's handling of foreign affairs by high majorities. As for domestic affairs, the greatest dissatisfaction was voiced in the Middle West and in the Rocky Mountain and Pacific Coast States, the survey shows.

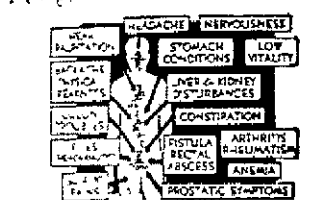

The sectional and group votes on domestic policy are as follows:

	Dis.	Appr.	Undec.
N. Eng. and M. Atl.	53%	37%	10%
E. Cent.	48	42	10
W. Cent.	47	47	6
South	48	42	10
Far West	44	47	9
Prof. and Bus. Farmers	34	59	7
Wh. Collar	39	53	8
Unskilled and semi-skilled	44	47	9
Dis.	62	28	10

Here Is a Guide To Honest Funeral Values . . .

The question most commonly asked is "What should a funeral cost?" It is both a serious and legitimate question. However, the answer to it must rest with each individual because it is dependent upon their choice. To help you determine the right price to pay for a funeral, we have plainly marked prices for our merchandise. Your own selection decides the cost. Because of our low operating cost, you will find those prices surprisingly reasonable.

Then you consider personal service, our experienced Funeral Home and the Everett Funeral Home, you realize why so many families are getting greater value when they call this service.

CROP YIELD IN OHIO TO RUN BELOW 1942

By The Associated Press
COLUMBUS, O., July 12—The Ohio cooperative crop reporting service said today favorable June weather aided development of late-planted field grains throughout the state, but that the anticipated reduction of per-acre yields would cut harvest materially in comparison with record 1942 crops.

As of July 1, the report said an average corn yield of 41 bushels an acre was expected, 15 bushels less than last year, for a total 1943 production of 141,450,000 bushels. Last year's harvest was 163,752,000 bushels and the 10-year average 142,091,000 bushels.

Winter wheat yields were set at 25,367,000 bushels, some 10,000,000 bushels less than last year on the basis of an indicated 17 bushels an acre, against 21 bushels in 1942. The outlook for oats was 44,410,000, compared with 1942's 51,824,000-bushel harvest, on the basis of 35 bushels an acre, a 5 bushel drop.

The soybean acreage is 1,598,000, an 11 per cent decline from 1942, and sugar beet plantings of 20,000 acres are only 42 per cent of the 48,000 acres harvested last year. The indicated beet yield of 55 tons is far below 1942's record of 12.4 tons an acre.

Present prospects point to a potato harvest of 9,114,000 bushels, slightly under the 8,180,000 a year ago.

Delegates Selected by Legion Auxiliary
Delegates and alternates for the state convention at Cincinnati Aug. 9 and 10 were selected at a meeting Friday night of the auxiliary to Bird-McGinnis Post No. 182, American Legion Delegates are Mrs. Teresa McDonald, Mrs. Ferna Baldauf, Mrs. Mary Orcutt and Mrs. Gertrude Ginnear. Alternates are Mrs. Florence Arndt, Mrs. Martha Todd, Mrs. Margery Sherman and Mrs. Florence Herzigel.

Plans for a rummage sale at the Dugout July 16 were discussed and it was announced that only one meeting a month would be held during the summer.

Y's Men's Club To Hear Canadian Official Speak
The meeting of the Y's Men's Service club has been changed from Wednesday to Tuesday evening this week to enable the members to hear John A. Marsh, special assistant to the deputy minister, department of munitions and supply, Ottawa, Canada, who will be guest speaker. Marsh is a former member of the Canadian parliament and will speak about Canada's part in the war. Members are invited to bring a guest.

TO CLOSE STATION
By The Associated Press
COLUMBUS, O., July 12—The Army's fifth service command reported the Toledo induction center would be disbanded July 31 in line with a policy of consolidating such stations wherever possible. The Columbus board will handle Toledo inductions when it meets there after this month, the announcement said.

CURTISS PLANT MAKES GAIN

Columbus Official Says Progress Made in Helldiver Production.

By The Associated Press
COLUMBUS, O., July 12—General Manager J. P. Davey of Curtiss-Wright's airplane division plants here asserted today most of the problems connected with production of "Helldiver" dive bombers for the Navy had been solved.

His assertion was made in a prepared statement replying to criticism by the senate's Truman committee which said in a report issued at Washington that to date the company had not turned out a single "Helldiver" which the Navy considered usable as a combat airplane.

"Many tens of millions of dollars have been wasted," the committee said. It also charged the Curtiss-Wright Corp. with being "guilty of gross negligence" concerning inspection practices designed to safeguard against defects.

The senate group said evidence indicated that engines built in the Wright Aeronautical Corp. plant at Lockland, O., were sold to the government although they lacked gasoline and the government filed suit in federal court in Trenton, N. J., to collect damages. Wright Aeronautical is a wholly-owned subsidiary of Curtiss-Wright.

The committee charged Wright Aeronautical with forging and skimming inspection operations. It also criticized what it termed Curtiss-Wright's action in advertising the Helldiver as the "world's best dive bomber."

Davey said Curtiss-Wright did not originate the claim that the Helldiver was the world's best dive bomber.

"They were the statements of Navy officials and of impartial military aviation experts," he asserted.

"This plant was requested to design and build a dive bomber superior in range, speed and bomb capacity to any single-engine dive bomber in service. Such an airplane has been designed and built."

"No one in this organization could deny that we have had our troubles in getting this complex and powerful dive bomber into production. But we are insistent in our belief that most of these problems have been solved."

TRAIN KILLS TWO
By The Associated Press
STEUBENVILLE, O., July 12—Coroner Ray Stice said today that two youths killed by a Wheeling & Lake Erie locomotive near Dillonvale yesterday apparently were sitting on the track when struck and had failed to hear the train approaching. The two youths were: Chester A. Porter, 18, of Long Run and Howard W. Thompson, 18, of Newton.

The Japanese current, which tempers California's climate, was discovered by the Spaniards in 1521 and was used by them to speed their galleons to the Philippines.

Shift of War Workers Revealed in Survey

By The Associated Press
NEW YORK, July 12—A survey by the J. Walter Thompson Co. showed today worker-migration to war industry centers increased the civilian population of metropolitan markets by 2,400,000, despite the heavy drain to the armed forces.

Arno H. Johnson, the firm's director of media and research, said the survey, based on registrations for war ration book No. 2, also showed the shifts had lowered civilian population in rural areas and smaller cities by 5,600,000.

Ohio cities included in the study were Canton, with a gain of 19-181, and Hamilton-Middleton, an increase of 7,598.

BEAT THE HEAT

Soothe and cool hot burning skin and itch of heat rash by using MESSANA, formerly Mesaron Heat Powder. Mesarna is not a talc, but a medicated powder containing four ingredients recommended by specialists for itching, burning soreness of minor skin irritations. Just sprinkle Mesarna and your heat irritated skin and see how it relieves those miseries. Generous supply costs little. Even greater savings in larger sizes. Get Mesarna.

ATTEND SERVICES IN TOLEDO

Marion residents who attended funeral services for Sandra Ida Balk, five-week-old daughter of Mr. and Mrs. Harry Balk of Toledo, Saturday were Mr. and Mrs. Harry Williams of 130 Brenner street, Mrs. Lawrence Cornelius of 943 Bennett street, Mrs. Russell Wilcox of 285 South Main street, Mrs. Damon Jones of LaRue, and Mrs. H. A. Williams of Prospect. The baby died in a Toledo hospital Thursday morning. The mother was formerly Miss Helen Williams of Prospect.

IN MEMORY

"Oh, our dear husband and father who passed away one year ago, July 11, 1942. Surrounded by friends I am lonely."

In the midst of my joys I am blue. With a smile on my face I've a heartache. Longing, dear father, for you. Mrs. G. S. Gorenflo, Wofford Greenboro and Family.

PENSION MEETING TONIGHT

Townsend Club No. 3 will hold a meeting at 8 o'clock tonight in the Y.M.C.A. Refreshments will be served.

IN HOSPITAL

Mrs. Ralph Rush of near Marion was admitted to City hospital Wednesday afternoon for observation.

BOYS IN COURT

Two 14-year-old Marion boys were released to the custody of their parents by Juvenile Judge Oscar Gast this morning and were required to pay for damage caused to the Chautauqua pavilion in Garfield park late Saturday afternoon. They were arrested by city police at that time on a charge of breaking pavilion windows. They were taken to the county detention home Saturday night. Their parents were with them in juvenile court. The case will be continued until payment for the broken windows has been completed. Judge Gast said.

SCHAFFNER'S

COR. MAIN AND CHURCH STS. MARION, OHIO

Next time you get sore -- grab your pencil... FIGURE IT OUT YOURSELF

Next time you're sore at the Nazis or Japs, just sit down for a minute. And if there's a pencil handy, do a little figuring—something like this...

Sure, taxes are higher. You're paying more than you used to. And the cost of living hasn't gone down any either. That's costing you more. But...

Chances are, you're making more, too. And maybe somebody else in the family's working. Maybe one of the girls is bringing home a pay envelope every week—and pretty good pay at that. Chances are, there's more cash coming into your home right now than

there has been for a long, long time. What's more...

Maybe you were going to get a new bus this year. Every year, you know, millions of people *did* get new ones. Or radios. Or refrigerators. Anyway, it's a cinch you'd have spent *some* money this year on things you can't buy now.

So what?

So maybe you can put *more* of your family earnings into War Bonds! Not 10% or 12% or 15% or 20%—but *all you can!* If you and every other American who has an income

will sharpen up your pencils and figure out how you can save an extra dollar here and another there that can go into War Bonds—if you'll *keep on* figuring and saving—you'll provide a weight of metal that will snap the Axis' spine like a rotten stick!

Let's pour it on! And *keep* pouring it on till the murderous fools who have defiled our soil, butchered our sons, broken up our homes—who have refused to let us live and work in peace—are smashed utterly to dust!

Get out that pencil and use the charts below!

Here's what comes in . . . Here's what goes out

Write down name of each one in family who works, and what he or she earns per month.

MORROW CO. HONOR ROLL IS DEDICATED

Newark Man Speaks at Mt. Gilead Ceremony.

Special to The Star

MT. GILEAD, July 12—Men in the United Nations' armed forces have gone forth on the greatest mission to which man has ever been called, Major Charles W. W. Montgomery of Newark said here Sunday afternoon in dedicating the Morrow county honor roll, containing the names of 650 residents of the county now in service. Approximately 3,000 persons attended the service.

Major Montgomery stressed the need for civilians and soldiers alike to battle to maintain the principles of American democracy. The present world conflict is the most gigantic struggle of all time.

He declared that the world was too small for two vastly opposed philosophies of government and rights of individuals to exist side by side. Major Montgomery emphasized the need to carry the war to a successful conclusion and to end the wrong philosophy that the individual is a creature of the state.

The honor roll was presented to the county by J. L. Mateer, one of the co-chairmen of the committee of T. P. Johnston post of the American Legion responsible for erecting the board. Judge Benj. Olds accepted the roster on behalf of the county.

A massed band composed of musicians from the Mt. Gilead, Cardington, Chesterville, and Johnsville high school bands played during the service.

The four bands, Rex D. Jenkins post drum and bugle corps, representatives of patriotic organizations, service clubs, Boy and Girl Scouts, farm and labor organizations and the Mt. Gilead Saddle club paraded from the Mt. Gilead high school building to north square here prior to the dedication ceremony.

Two Given Fines Under Anti-Noise Ordinance

Special to The Star

BUCKEY, July 12—The second violators within a week of the city's new anti-noise ordinance, Robert H. Phillips and Miss Rose Schnabel, proprietor and waitress of the Northern restaurant on North Sandusky avenue, were brought before Mayor William F. Whittemore on an affidavit signed by Police Chief Arthur Stuckert, and fined \$5 and costs. George Petroff, operator of another establishment in the same block was given a similar fine last week.

The charges grew out of complaints of music machines operating after the 11 o'clock deadline provided by the new legislation.

BYRON NELSON WINS
Special to The Star
FORT KNOX, Ky., July 12—Byron Nelson of Toledo captured the Kentucky open golf championship here yesterday and won himself a \$10,000 war bond. He fired a 273 in the 72-hole tournament—15 strokes under par.

MRS. ALICE NELSON DIES
KENTON, July 12—Funeral was held Sunday in Beavertown for Mrs. Alice T. Nelson, former Dunkirk resident who died in the Lyle Convalescent home there Thursday.

Probate—Marriage licenses issued to Steve Barcz, Kenton grinder, and Mrs. Louise Graves of Kenton, and to Charles N. Fout, Mt. Victory soldier, and Miss Betty M. Patrick of Mt. Victory.

Harding High School

Band Practice Tonight

The Harding high school band will hold a rehearsal at Central Junior High school tonight at 7:30 o'clock. Homer E. Huffman, director, announced today. Plans are in progress. Mr. Huffman stated, for an open air concert to be given at the Harding stadium in the near future. All band members are requested to be present for tonight's rehearsal.

Carey Man in Navy

Weds Washington Girl

Special to The Star

CAREY—Miss Winifred Sumrell of Washington, D. C., daughter of Mr. and Mrs. Clarence C. Sumrell of Ayden, N. C., became the bride of Duane E. Kromer, Pnm. 2/c U. S. Navy, son of Mr. and Mrs. Paul Kromer of Carey, Thursday at the Our Lady of Consolation church in Carey. Rev. Ambrose Finnegan, O.M.C., officiated at the double ring ceremony.

The bride was attended by Miss Maxine Kromer of Barbours and Donald Kromer of Bescon was best man. A dinner was served at the home of Mr. and Mrs. Paul Kromer. In the afternoon, the couple left on a wedding trip to North Carolina where they will visit the bride's parents. Mrs. Kromer has been employed by the Bell Telephone company in Washington. Mr. Kromer attended Carey High school and is in the U. S. Navy.

There are 1,200 species and sub-species of birds in this country.

New Ministers Welcomed by Churches at Galion

GALION, July 12—Galion last week welcomed two new ministers and their families.

On Friday evening, the congregation of the Church of Christ held a reception for Rev. and Mrs. Elmo Peterson. A program, in charge of Mrs. F. E. Arndt, was presented. Refreshments were served and a wedding gift was presented to Rev. and Mrs. Peterson who are newlyweds.

Rev. and Mrs. Peterson were married in the chapel of the Fourth Presbyterian church, in Chicago, on June 25. She is the former Juanita Lovreglio, a graduate of the American Conservatory of Music in Chicago, and the Presbyterian College of Religious Education. Rev. Peterson is a native of Minnesota. He attended Minnesota Bible college from 1928 to 1931 and preached in various churches in Minnesota and Wisconsin.

In Galion, he succeeds Rev. Weaver J. Keener who resigned to accept another pastorate while furthering his education at Oberlin college. Street Methodist congregation's new minister is Rev. J. B. Moyer, who with his wife and one of their sons, Vernon L. Moyer and wife, are making their home in the parsonage on West Atwood street. Rev. Moyer was recently assigned to succeed Rev. William Dunning, retired, now living in Delaware.

Sales Tax Yield In

District Shows Drop

Prepaid sales tax receipts in Marion county for the week ending June 26 amounted to \$8,837.33, lower than \$13,858.43 collected during the corresponding period of last year. Sales to date added up to \$180,443.90, as compared with the \$180,439.07 last year, the office of Don H. Ebricht, treasurer of state, reported.

Total sales tax receipts for the state during the week ending June 26 amounted to \$1,236,120.37 against the \$2,108,160.59 collected during the similar period in 1942. State sales to date for 1943 stood at \$25,879,851.89; for the same period last year the sum was \$26,749,081.52.

Collections in counties around Marion for the week ended June 26 and for the year to date, with those of the last year in parentheses, included:

Crawford: week ended June 26, \$4,800.07 (\$9,140.89); collections to date, \$99,246.24 (\$107,251.88).

Delaware: week ended June 26, \$2,444.42 (\$4,060.00); collections to date, \$48,437.75 (\$51,424.21).

Hardin: week ended June 26, \$2,836.67 (\$3,992.93); collections to date, \$50,378.99 (\$59,517.76).

Morrow: week ended June 26, \$445.03 (\$1,230.37); collections to date, \$12,710.60 (\$15,587.09).

Union: week ended June 26, \$1,382.09 (\$2,513.79); collections to date, \$32,875.59 (\$35,304.16).

Wyandot: week ended June 26, \$1,798.91 (\$3,421.10); collections to date, \$40,215.58 (\$42,336.87).

DIES AT MCGUFFEY

KENTON, July 12—John Sherman Kissling, 78, former mayor of McGuffey for eight years and a member of the U. S. cavalry from 1896 to 1891, died Friday in his home. Funeral was held Sunday. Surviving are a son and three daughters.

REV. HOLLOWAY GIVES SERMON

Addresses Union Service as Farewell Before Entering Naval Service.

Rev. J. B. Holloway, pastor of Trinity Baptist church, was guest preacher in the First Reformed church Sunday night in the second of a series of union services of Marion churches.

Rev. Holloway will leave tomorrow to report for special training in the Naval Training School for chaplains at the College of William and Mary, Williamsburg, Va., and the sermon last night was his final address before entering the service.

He introduced the theme of his sermon, "Fighting Against God," by discussing the apparent absurdity of the phrase, "Fighting against the Almighty." He stated that in both ancient and modern history many incidents have been discovered where men and nations have put their wisdom and strength and have engaged in mortal combat against God.

He then traced the aggressive attitude of Jesus' enemies and showed that the bitter persecution of his followers failed to exterminate the Christian religion, but instead caused the greatest expansion in all human history.

The minister stated that with God are the final issues and destinies of men and nations and whatever is of God cannot be overthrown totally, though it may be vigorously opposed, while it is being run down. He applied the principle to the world situation today and predicted that since the axis powers have been consistently and deliberately attempting to stamp out every vestige of true religion their fighting must inevitably come to naught.

The speaker complimented the churches for their fine spirit of cooperation and urged them to undertake even greater projects in the matter of Christian education in schools as a preventive measure against low moral standards.

He concluded his sermon with the passage: He that is not with me is against me; and he that gathereth not with me scattereth abroad." With that to mind he states that to stand idly by and allow evil to flourish around us without doing something constructive to combat it would be tacitly fighting against God and righteousness.

Trinity Group Heads Young People's Service

The young people of Trinity Baptist church conducted the meeting of Christian Young People's Union at the First Reformed church last evening which preceded the union services at which Rev. J. B. Holloway was guest preacher.

"Recreation" was the subject

METHODIST CLASS MEETS WITH RICHWOOD HOSTESS
By The Associated Press
RICHWOOD—The Reserve class of the Central Methodist church met Wednesday at the home of Mrs. Minnie Baker. The Scripture lesson was read by Mrs. Edna Baker. Contests conducted by Mrs. Edna Baker were won by Mrs. Naomi Yarrington.

Staff Sgt. Dwight Garber of New Orleans, La., accompanied by his wife visited several days last week with Mrs. Bertha Bolling.

Mrs. Ella White was overcome with the heat while working around her home Monday. For some time her condition was serious.

Mrs. Gertrude Hancock received a letter from her son Fred Wednesday written June 10 stating that he is now in North Africa.

Pvt. Everett M. Moore of Camp Shelby, Miss., is spending a furlough with his parents, Mr. and Mrs. H. Moore.

Lieut. F. G. Wiley of Camp Lee, Va., is spending a furlough with C. O. Wiley and family.

Crawford Co. Towns Affected by Ruling

By The Associated Press

CLEVELAND, July 12—Sixty cents an hour for common labor in manufacturing plants, become the floor today for the regional war labor board's "sound and tested rates."

The board's unanimous decision that it would not set rates below that figure acted to increase the pay in four Ohio towns where the rate was 57½ cents an hour. The towns are: Bucyrus, Galion, Crestline and Lancaster.

"Sound and tested rates" generally are 10 per cent below the average paid, the board said.

which was discussed in connection with the summer theme "Pathways That Lead to God." Keith McMurtry presided for the meeting and short talks were given by Catherine Barnhart and Catherine Firstenberg.

The meeting next week will be held at Prospect Street Methodist church with the young people of First United Brethren in charge.

Allied Forces Invading Sicily Are Identified

By The Associated Press

LONDON, July 12—Correspondents' dispatches from North Africa today identified the main forces invading Sicily as the American Seventh army and the British Eighth armies.

The American seventh, commanded by Lieut. Gen. George S. Patton Jr., was believed made up largely of the troops previously known as the U. S. second army corps which fought in Tunisia, plus some armor, and infantry and air-borne divisions.

The famous British Eighth army, commanded by Gen. Sir Bernard L. Montgomery, was believed to have been considerably reinforced, with many new units added and several older ones standing by in reserve.

Pitfalls of Love

By ADELE GARRISON

"THERE was such cold venom in the sneering voice of Ruth Hayes, that a little shiver rippled over me. But Dicky wasn't shivering. He had sprung to his feet, and was towering above the 'Wilderness Woman,' who, for all her bravado, now shrunk away from him, pressing as far back as she could against her chair cushions. 'I'd hate to gag a woman—even you!' he said, and his voice scorched her. 'I don't care how much you interrupt me, but by the eternal, if you take my wife's name or Katharine Bickett's in vain again with one of your scurrilous speeches, I'll trust that mouth of yours up in a way that you'll remember for the rest of your natural life, whether you're in jail or out!'"

NEEDLEWORK PATTERN

644

Angina Deaths Mount

The records of vital statistics from all sources—life insurance companies and public health departments—indicate an increased mortality from disease of the coronary arteries of the heart leading to the familiar syndrome of angina pectoris.

It is by no means easy to account for this mounting increase. One could say that it was due to the fact that more people live to get into the coronary artery period of life than formerly, were it not for certain peculiarities in the statistics. For instance, it is four to six times more common among men than among women. Here it might be said that while men and women have the same changes in their coronary arteries, women in general lead less active lives, especially after the age of fifty, than men.

Another peculiarity comes into the statistics in that this form of heart disease affects the white collar workers a good deal more than it does the workers who do strenuous manual labor. For instance, among the professions, perhaps the one in which it occurs most often is the physician. Certainly he does not do as hard work as the coal miner of the same age.

Again, if you attempt to explain it on the basis of emotional factors, one would think that the physician with his practiced control over his emotions would be fairly free from it. On the contrary, the physician is rather continuously subjected to emotional strain, worry and anxiety, perhaps more so, than a man in any other profession. A priest can leave the future to God, a lawyer can leave it to the courts, but the future of his patients are in the physician's own hands.

What role is played by nutrition, faults of nutrition, by tobacco and other chronic drug habits—coffee and alcohol, for instance? Of course, the fundamental basis of angina is an organic changing in the coronary arteries, a process of aging, which causes them to thicken, become occluded and carry a smaller amount of blood to the heart muscle. But these arteries, as well as normal coronary arteries, are subject to spasm and the question arises: How can we prevent the spasm and prevent the nutritional

changes that occur in the arteries? Dr. H. C. Sherman, one of the most eminent American nutritionists, believes that the addition of foods rich in calcium and protective vitamins to the diet of those beyond the age of 45 would increase by 10 per cent the years of active life. "Experimentally it has been shown that a higher than average calcium intake is conducive to better than average health" (Falk). A calcium-rich diet tends to improvement in the utilization of food, greater adult vitality and a longer period between the attainment of maturity and the onset of senility.

The program for possible prevention of coronary artery disease and angina pectoris is one which rests on the responsibility of the individual and in this time when the young men of the country are out of industrial and professional work, every man from forty on is faced with this obligation.

Bruce Barton has suggested that at the age of 45 a man should review himself and determine which personal type of intemperance is his weakness. He says that alcoholic intemperance is relatively insignificant when compared to the intemperance of other life-sapping worry and feverish types, such as excessive work.

Daily Pattern For Home Use

By ANNE ADAMS

The Stars Say—

For Tuesday, July 13

THE PLANETARY operations for this day favor all important and ambitious enterprises and objectives. Superiors, elders and private associates may be ready to lend aid to well-planned and systematized ideas and programs. Even though these may have slants out of routine grooves or have subtle or undercover inspiration or intent. Sound and worthy ventures, as well as those on high ideals, should materialize.

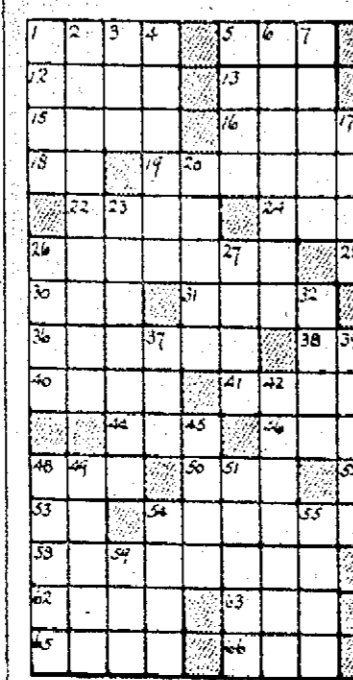

Those whose birthday it is may find encouragement to forge ahead on cherished objectives and ambitions, even though these may operate without the bounds of the routine and regular. It should be a propitious time to further meritorious plans or advanced ideas, which may be instigated or inspired by high ideals or sound principles. An aspect of the unusual and subtle, perhaps complicated and intriguing, may attract the solid support of those in power. It should be a time for applying the energies and abilities with diligence and confidence in the realization of lofty ideals, or intuitive leads or premonitions.

A child born on this day may have splendid constructive ability, with industry and application, although its acts may be inspired by high ideals, sound principles or intuitive flashes.

Crossword Puzzle

- ACROSS
- Vessel for heating liquids
 - Organ of speech
 - Vulgar pre-tender
 - Fish
 - Uncle Scotch
 - Easy exit
 - Domestic fowls
 - Butter knife
 - Conjunction
 - Least difficult
 - Note of the scale
 - Eternity
 - Feminine
 - Reckless
 - Rodent
 - Separating the coars from the fine
 - Before
 - Insect
- DOWN
- Performs
 - Cubic meters
 - Photographic instrument
 - Olden
 - Pertaining to a historical period
 - Knock
 - Dutch city
 - One who believes that the universe is alive
 - Automobile
 - Guided
 - Anger
 - Symbol for silver
 - Stickler for perfect English
 - Provided
 - Common people
 - River duck
